# IT'S IN YOUR DNA.

Snowmobiling is a sport where what you wear can be the difference between a great day and one you wish to forget. Using suitable riding gear for tough weather and snow conditions takes you a step closer to the perfect snowmobile trip.

Lynx riding gear is made with the high-quality materials needed for demanding Nordic conditions.

It lasts trip after trip, so that you can focus on the essential: enjoying a snowmobile ride.

# QUANTUM

For the riders who demand the best of their snowmobiles and riding gear. Lynx Quantum, made out of technical materials of the highest quality, offers pro-level equipment for active snowmobiling. The light and comfortable gear allows the rider to focus only on the essential.

## LYNX QUANTUM ONEPIECE SUIT

**N** 650118\_70 (Lime), 650118\_76 (Turq.),  
Sizes: XXS - 3XL. New size: XXS!  
650115\_30 (Red), 650115\_09 (Grey)  
Sizes: XS - 3XL.

Lynx Quantum one-piece suit is specially designed for active riding in deep snow.

- 100% waterproof, 100% windproof, optimally breathable Sympatex material
- Primaloft Gold insulation and fleece lining on seat
- Cordura reinforcement fabric on high wear areas
- Comfortable fit that allows freedom of movement
- Water repellent YKK zippers

### LYNX QUANTUM JACKET

650112\_70 (Lime), 650119\_30 (Red), 650119\_89 (Navy)

Lightweight shell jacket for active riders. Sizes: XS - 3XL.

- 100% waterproof, 100% windproof, optimally breathable Sympatex material
- Cordura reinforcement fabric on high wear areas
- Mesh lining
- Water repellent YKK zippers

### LYNX QUANTUM PANTS

651113\_90 Black

Sizes: XS - 3XL.

- 100% waterproof, 100% windproof, optimally breathable Sympatex material
- Cordura reinforcement fabric on high wear areas
- High front and back bib panels with stretch fabric on waist
- Front and full-length side water repellent YKK zippers

### LYNX HYBRID JACKET

659078\_90 Black

Light and versatile mid layer jacket for active riders. Sizes: XS-3XL.

- Strategically placed elastic knit material and panels with insulation.
- Ultralight Teflon water repellent material
- Primaloft Black ECO Insulation
- Higher back waist and above knee length
- Water repellent YKK zippers

### LYNX HYBRID SHORTS

659079\_90 Black

Light and versatile mid layer shorts for active riders. Sizes: XS - 3XL.

- Ultralight Teflon water repellent material
- Primaloft Black ECO Insulation
- Higher back waist and above knee length
- 2-way YKK zippers at both sides.

# SQUADRON

## **N** LYNX SQUADRON ONEPIECE SUIT

650120\_79 (Denim Blue), 650120\_80 (Blue),  
650120\_36 (Pink)

Light, multifunctional and trendy one-piece suit  
for on and off-trail riding.

Sizes: XXS - 2XL. Pink, Ladies sizing: XXS - XL.

- 3 new color options

444236\_90 Black

Designed for active riders who demand performance and comfort.

- Removable insole.
- Unisex, smaller sizes added for ladies. Sizes: 5 - 13

# MIX, MATCH AND WEAR

– how to dress to make the most of your winter!

Enjoying the winter is often just a matter of dressing up. The Lynx clothing lineup offers a wide range of options for wearing comfortable layers. Make sure that you stay comfortable and that you are dressed for the conditions and the temperature – both on the snowmobile and in other winter activities. The new Lynx under and mid layer products are marked with the Tec Layer logo.

# 1.

**Wearing properly layered clothing starts with a high-quality base layer.**

A base layer of merino wool or technical fibers wicks moisture to the outer layers and keeps the skin dry, ensuring that you stay warm.

# 3.

# 2.

**The mid layer helps to regulate the body temperature.** You can add or take off mid layers depending on the weather and your activity level. For example, the Lynx Hybrid jacket and shorts are designed for active riding in freezing weather. The Primaloft insulation used in the Hybrid products keeps you warm, while a set of strategically placed stretch channels ensures that moisture is actively wicked out through the outer layer. Lynx clothing lineup offers three new insulation jacket options and other mid layer products that make sure that your riding experience is enjoyable in all conditions.

**Choose the outermost layer based on the temperature, the length of the trip and your riding style.** You can choose from a wide range of one- and two-piece suits. The high-quality materials of Lynx clothing range's outermost layer protect you from the wind and water, while also taking care of breathability and temperature regulation. We use Sympatex and RPM Max membranes in the outermost layer. They have been selected and tested with care to meet the needs of demanding riders and other winter sports enthusiasts. The season's new outer layer items include one-piece suits for men, women and children in the Lynx Squadron lineup.

# TECHNOLOGY GUIDE

Sympatex membrane

Provides maximum warmth no matter how tough the ride or how cold the environment. All seams and logos sealed

Laminated Polyester Cordura

A high-performance insulation with the full spectrum of benefits to brave the elements

In riding gear we use YKK high quality zippers.

Waterproof/breathable technology for the gloves.

## WARMER, DRIER, SOFTER AND MORE COMPRESSABLE THAN ANY OTHER SYNTHETIC INSULATION

**A HIGH-PERFORMANCE INSULATION WITH THE FULL SPECTRUM OF BENEFITS TO BRAVE THE ELEMENTS.**

Warmth without bulk

Water resistant

Breathable

Packable

Lightweight

Superior softness

**Committed to delivering feel-good products that empower you to stay in the moment.**

## COMPARISON OF WATER VAPOUR TRANSPORT

MICROPOROUS MEMBRANE  
Outside

COMPACT SYMPATEX MEMBRANE  
Outside

100% WATERPROOF

OPTIMALLY BREATHABLE

100% WINDPROOF

A membrane is waterproof if it can resist a pressure of

**1,300 mm**

Sympatex membrane is extremely waterproof since it can resist over

**45,000 mm**

# HOW TO MEASURE

**Height:** without shoes, standing with heels and back against a wall.

**Head:** around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

**Arm length:** let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

**Chest:** measure under your arm, around the fullest part of your chest.

**Waist:** immediately below the lowest rib.

**Hips:** across the fullest part of the seat.

**Inseam:** without shoes, from crotch to the floor.

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

## WHAT CODE REPRESENTS YOUR SIZE?

- 1 Find your size.
- 2 The corresponding code is THE CODE you use to complete the part number on your order.  
Example: 440 227 \_\_\_\_\_ 90  
Size: M = code "06", Therefore 440 227 06 90

SIZE	CODE	SIZE	CODE	SIZE	CODE

# ACCESSORIES

A week of adventures in the freezing wilderness, or a day's ride to a lean-to on a nearby fell on crisp spring snow?

Lynx snowmobile accessories and riding gear will ensure the perfect winter adventure for you and your vehicle.

**LINQ**  
SYSTEM™

LinQ is a sturdy attachment system for accessories. It makes accessories quick and easy to attach and detach and transforms your snowmobile to fit your needs in seconds.

**Quick:** Plug in your accessories in seconds.

**Easy:** No tools required.

**Reliable:** Integrated locking mechanism.

**Unique:** Specially designed for BRP products.

**BACK COUNTRY ACCESSORIES**

**N LYNX BCA FLOAT 25 TURBO AIRBAG**

6691300090

The Float avalanche airbag system is designed to keep you on the surface during an avalanche. It is the most proactive snow safety tool you can carry into avalanche terrain.

**N LYNX BCA T3 TRANSCEIVER**

6691320090

Designed to be "pocket friendly," T3 is the choice of guides, mountaineers, and the weight-conscious crowd. All transceivers include harness and batteries.

**N LYNX BCA FLOAT 2.0 CYLINDER PI**

6691310080

**N LYNX BCA STEALTH 270 PROBE**

6691340012

Lynx BCA probe features depth-markings that are easy to see when you're performing a rescue or logging a snow profile.

**N LYNX BCA D2 EXT SHOVEL WITH SAW**

6691410009

Folding saw includes high strength polymer handle and 420 Stainless Steel taper-ground, razor teeth blade.

**N LYNX BCA BC LINK EU RADIO**

6691360009

Maximize your line—and your safety. Work through complex terrain as a team with our two-way radios optimized for winter.

**N LYNX BCA RADIO BATTERY**

6691370090

**N LYNX BCA STASH 30 BACKPACK**

6691350090

Lynx BCA Stash backpack is technical and rugged. Stash bagpack includes freeze proof Stash hydration sleeve and is compatible with BC Link™ group communication system.
